

# The Future of Sportsbooks

*Taking the sportsbook to the next level the Sportsbook terminal offers players an unrivaled experience with in-play, real-time sports betting and horse racing. Slot games, video poker and services can all be added to one all-encompassing experience.*

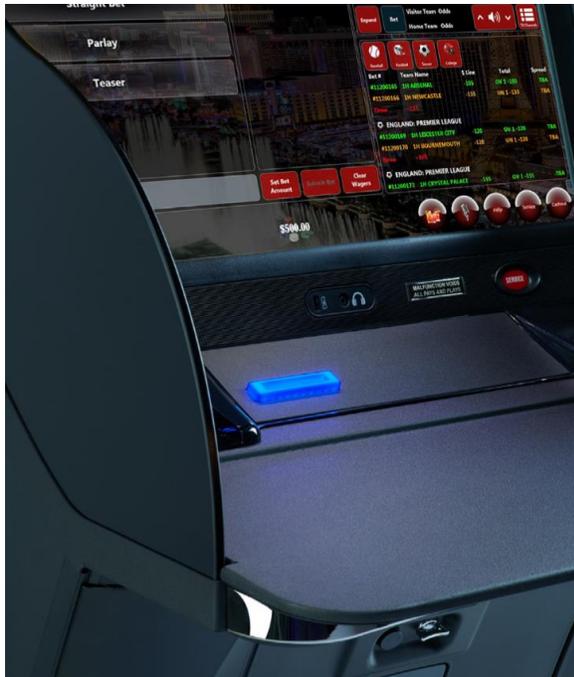

The all-new Sportsbook Terminal redefines the traditional sportsbook experience, bringing a whole new lease of life to any Sportsbook.

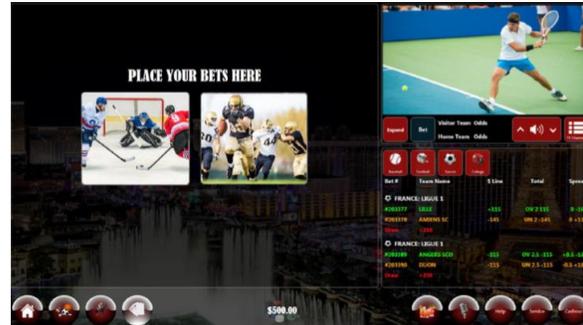

With a private and personal 27" interactive touch screen, players can stream multiple sports events at the same time, while also placing individual bets, creating parlays, and interacting with in-play wagering options.

## **A world first in Sports Betting**

- **Real-time wagering:** in addition to pre-game wagering, players are provided with extensive in-play and real-time wagering suggestions tailored to the events they're watching
- **Personalized viewing experience:** Players can personalize their viewing experience by selecting the events they wish to stream live, as well as the betting views and in-game wagering options that suit their unique play and viewing styles.
- **User-friendly interface:** Designed to not only appeal to regular Patrons who prefer more traditional and familiar betting style but also the elusive younger market who feel more comfortable with the more modern experience of the 27" LCD touch screen with full HD 1920 x 1080 resolution
- **Betting platform agnostic:** Can be connected to any third-party odds provider.
- **Betting-focused Design:** In-play wagering offered on all live streamed events. Players can wager with cash directly at the terminal with no need to go to the counter.
- **Intuitive Navigation:** New players to sports betting no longer a need to walk up to the counter or feel embarrassed to ask questions, simply insert a bill click through the options make a wager and take the ticket.

An inviting home screen walks players through all of the familiar sportsbook bets especially important for new or inexperienced users.

Players can scroll through, select, and manage several betting events and options all while watching their desired event.

Give players the privacy, comfort, and control they've been longing for, paired with unmatched live game excitement. It's the perfect lineup to propel your sportsbook into the 21<sup>st</sup> century.

In-play wagering opportunities are pushed to players with real-time wagering suggestions tailored to the events they are watching, providing a new level of event interaction and additional revenue opportunities.
